xG Souveraine
De l'ambition à la réalité

- ◆ **b<com est un Institut de Recherche Technologique privé qui accélère l'innovation dans le numérique.**
- ◆ **Un modèle de co-investissement unique qui génère technologie, connaissance, savoir-faire et compétitivité.**

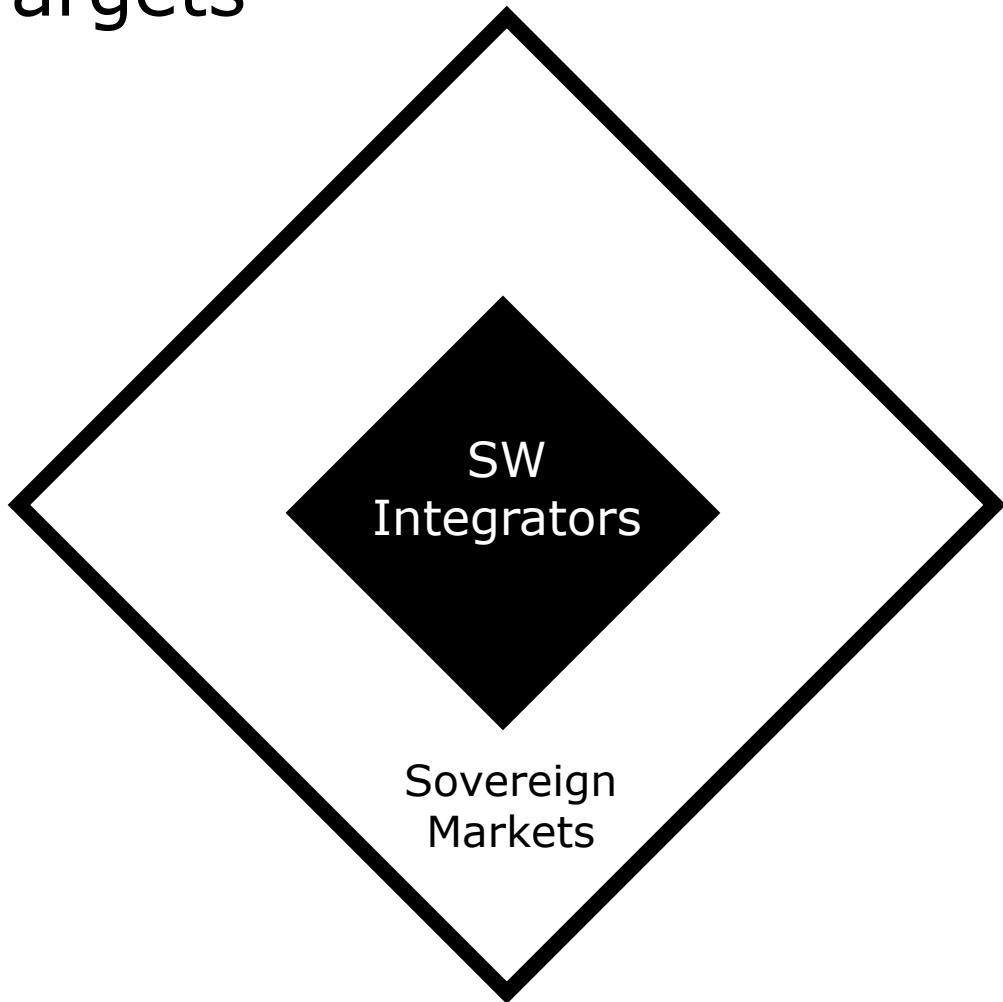

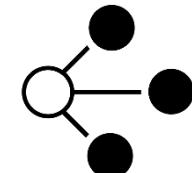

L'ambition

- ◆ **A sovereign technological strategy**, for private digital infrastructures, 5G and beyond. For the autonomy and resilience of our vital industrial sectors for the next 10 to 30 years
- ◆ **Collectively** accelerate the work carried out by b<>com over the past 7 years on "5G and beyond" software technologies to offer an industrial solution
- ◆ Transfer ingredients and technological solutions to **French industrial champions** (integrators, operators, manufacturers)

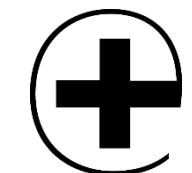

Targets

◆ **Marchés****Utilities**

- Smart grids
- Smart water networks
- Waste Management

**Industrie 4.0**

- Quality & process control
- Augmented operators
- Surveillance

**Healthcare**

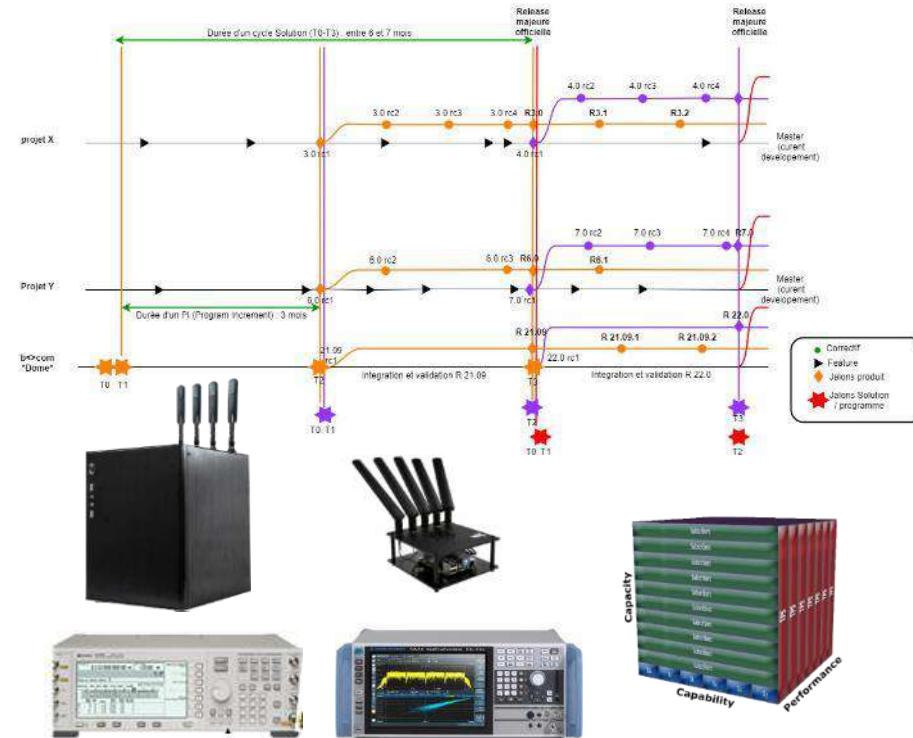

- Remote patient monitoring
- Wireless operating rooms
- Emergency rooms

**Defense**

- On demand coverage extension
- Transportable tactical cells
- Multimedia critical communications
